The 2012 Washington County Tour of Homes was held during the second week of July and the results are in: Success! All the home builders who put their models on display gave positive feedback regarding the quantity and – and the quality – of this year’s visitors. Several measurable factors from the 2012 TOH continue to support the trends that suggest an improving housing market. Even though the number of participating builders was down, the overall number of visitors was slightly up from last year’s event. Definitely positive indicators that the home building industry is starting to see a rebound!

In addition to the numbers, reports from builders and visitors alike indicate that a good time was had by all. The official drawing for the Bingo Card was held Thursday morning and the announced live on the radio station WBKV 1420am much to the delight of the winners. Lastly, the TOH committee will be sending out a Survey for this year’s event participants to complete. The WCBA Board hopes to draw upon this feedback to improve upon what is already a successful and fun annual event.

Many thanks go out to all who participated in and attended the 2012 Washington County Builders Association Tour of Homes. We look forward to another successful event in 2013.

Regards,  
Matt McCabe  
V.P., WCBA Board of Directors

**See the next page for information on the upcoming Clay Shoot!**

This was a very enjoyable event last year and with the pig roast this year and the gun raffles it should be a great time for you and your friends to get together and support your Washington County Builders Association!

Fellow members.

Your board has been working on improving our communication with you the membership and by the time you receive this we will have started using a new email communication system called Constant Contact. It is through this program that the latest Association information will be sent also offering you the ability to sign up for events and make secure payments online via PayPal. It is our hope and intention that through these programs we will be able to improve our communication flow to effectively and in a timely fashion get to you the latest information. I hope you all enjoy the new change and as always call myself or any of your officers if you have a concern or a suggestion; we look forward to hearing from you.

Dirk Wildt
